Jolly Boys visit to Chesterfield 21/6/07

Chesterfield has one of the largest open air markets in the country. It has been in operation since at least 1165. – It should be open when we are there.

Many theories have been put forward to explain the crooked spire on St Mary's church, one of the more feasible is:

'the blacksmith at Bolsover was persuaded by a magician to shoe the Devil. Shaking with fear, he drove a nail into the tender part of the Devil's foot. Howling with pain, the Devil took flight towards Chesterfield, skimming over the church he lashed out in agony and caught the spire, twisting it round into it's present form'..

There is a Weatherspoons (Spa Lane Vaults), for early birds, in St Mary's Gate, (just past the church on the left).
