

JOLLY TO DEVIZES 24TH May 2012

Devizes Culture

Wadsworth

Founded in 1875 by Henry Wadworth, is still run as a family business. Many of the original brewing techniques and recipes are still employed today, and to preserve the high standards laid down by the founders, great care is taken to select only the finest malt, hops and yeast for the brewing process. This ensures that customers can rely on consistency and taste with all Wadworth products.
