Marble Beers + seasonals

Opened in 2010 this was converted from a shop into a small one room bar. It is owned by the Marble brewery and sells the full range of Marble beers, although not all of them may be available at any one time. Up to four beers are served straight from the casks that are situated on the bar top, as there is no cellar. The bar takes up most of the right hand wall and there is a long table with seating in front of this, making it a little cramped. There is a small more relaxed seating area to the left as you enter as well as some pavement tables and chairs - subject to the renowned Manchester weather. Bottled Belgian and German beers, an interesting variety of meals, snacks and cakes are on sale at all times.
