

Jolly Boys Visit Wivenhoe 22nd June 2017

Culture

This is our 2nd visit to Wivenhoe the first being 2016. Wivenhoe was a port (closed 1992) and boat building (closed 1986) for centuries and was very important for carrying many types of goods by train to London especially fish and oysters.

Travel information.

I suggest making your own arrangements for breakfast as there is only one through train to Wivenhoe per hour. From the Station go over footbridge turn left into Station Road, then turn right and follow down road, go through church yard turn left at the end and first pub is ahead of you.

Train Times **To**
