

As it will look; hopefully.

This trip should be in the western section as is testified by the glorious 1930's station still proclaiming GWR. It is worth some time looking around at the detailing on the platforms and the entrance. Royal Leamington Spa has some splendid spacious streets from the regency period; but I am afraid we shall not see many of these on this trip. This is a minimum walking tour (approx 1.5 miles in total) of places relatively near to the station.

To get to the start of the tour at the JDW or House. I would suggest taking the tunnel under the tracks just to the left as you exit the station. To the right along the short path alongside the railway and turn left into Lower Avenue (beware this is a one way street in the direction you are walking) and walk to the end and turn right Spencer Street , walk to the end and left into The Parade stay on this side for JDW or House passing the original Pump room now the Library.

Benjamin Satchwell JDW. -11:00 The usual. Turn right out of JDW House is four doors down.

House 11:00-1140: 4 Everard's plus local brews. If House is not open then Straight to the Royal Pug and following times will be adjusted . House

Royal Pug. 11:45-12:40. Various local brews. Turn right and along Regent Street and the next two are on the same side. Royal pug

Fizzy Moon 12:45-13:30. Microbrewery own plus. Food fizzymoonbrewhouse.com

Eating alternatives.
